- **Soft Skills:** Communication, Problem Solving, Analytical Thinking, Team Collaboration, Leadership

---

Projects

Authentication System – PERN Stack
Full-Stack Developer | May 15 – June 24, 2025
- Developed a full authentication system, enhancing security and improving user experience
- Boosted application performance by 30% through optimized code and efficient database querying techniques
- Implemented JWT authentication and protected routes
- Integrated PostgreSQL for user data storage
- Developed a clean, responsive UI with React.js and Tailwind CSS
- Stack: PostgreSQL, Express.js, React.js, Node.js
- [GitHub Repo](#)

Shipment Scheduling and Booking System
Full-Stack Developer | Nov – Dec 2024
- Led a team of 5 to build a logistics app, increasing productivity by 20%
- Developed a logistics scheduling system with real-time tracking using Ajax
- Built an interactive shipment tracking calendar with Ajax
- Stack: PHP, JavaScript, HTML/CSS, Ajax, XAMPP

Human Resources Management System
Frontend Developer | June 2024
- Improved HRMS interface, increasing user satisfaction rating by 25%
- Built a feature-rich dashboard with role-based access, attendance tracking, and payroll integration

- Enhanced organizational efficiency through intuitive UI and responsive design
- Stack: React.js, TypeScript, Tailwind CSS

Todo App
Frontend Developer | April 2024
- Developed a responsive to-do application with features for task filtering and drag-and-drop
- Stack: React.js, Vite, HTML, CSS

Work Experience

Prunedge Development Technologies
Software Trainee | Jan 2024 – Jul 2024
- Contributed to internal and client-facing applications
- Built frontend interfaces for HR systems using React.js and TypeScript
- Collaborated with developers to deliver responsive, scalable solutions

---

Education

Babcock University
B.Sc. in Computer Science, 2021 – 2025
CGPA: 4.46 / 5.00

Certifications

- JavaScript Algorithms and Data Structures – FreeCodeCamp
- Responsive Web Design – FreeCodeCamp
